Jean:

Here are the action items from Sadie and Michelle's meeting with Havasupai:

Regarding Arizona Strip Uranium Mining:

1. Need to talk to Shelly Rosenblum, Canyon Mine is further from Supai Village than Pine Nut/AZ1.
2. EPA issuing a NESHAPs permit is EPA taking an action; Sadie wants a memo drafted from herself to Debbie Jordan emphasizing the need for EPA to consult with the affected Tribes prior to issuing that permit.

Regarding Solid Waste:

1. Tribe asserts that approx \$800,000 in solid waste funding is being held by BIA/IHS for lack of an approvable solid waste plan. The Tribe wants EPA to talk to the agencies. (**note on followup - Heather White is already on top of this**). The other agency folks mentioned by the Tribe were Steve Johnson (IHS), Ken Fitzgerald (IHS), and Jim Williams (IHS).
2. Sadie suggests that Tim Grant should assist the Tribe in crafting or finalizing their solid waste plan to include composting, the analysis to support purchase of a compactor, etc. The Tribe wants to sit down with R9 and reevaluate the SW Plan to make it approvable.
